### **Hotel Information Systems and TierOne Hospitality Solutions Partner to Bring Next Generation Technology to the Canadian Market.**

Lake Forest, CA (July 19th, 2005)... Hotel Information Systems, a division of MAI Systems Corporation (OTCBB: MAIY.OB) announces that it has reaffirmed its appointment of **TierOne Hospitality Solutions** as its exclusive distributor in Canada of the Hotel Information Systems' core, epitome and Business Intelligence products.

According to Brian Bowerfind, VP & General Manager for Hotel Information Systems' International Business Unit, "Hotel Information Systems is pleased to announce the continued partnership with **TierOne Hospitality Solutions**. Together we will bring Next Generation Technology to the Canadian Market that will provide flexible options to dramatically benefit the Canadian-based chains and management companies as well as independently owned and operated hotels by empowering them to streamline operations which ultimately will give them a competitive advantage."

"It is our mandate at **TierOne Hospitality Solutions** to bring best-of-breed technology to the Hospitality Market, and we are delighted to partner with Hotel Information Systems as they are truly ahead of the curve with their technology and product offerings," stated Patrick A. Regina, Director of Business Development for **TierOne Hospitality Solutions**.

Sasun Musliyan, President of **TierOne Hospitality Solutions** further added "We are extremely pleased to extend our business partnership with Hotel Information Systems. Their progressive technology coupled with flexible and platform-independent solution offering will further strengthen TierOne Hospitality Solutions' role in serving the ever-changing technological landscape in the hospitality industry."

## **About Hotel Information Systems**

Hotel Information Systems, Inc is a wholly owned subsidiary of MAI Systems Corporation (OTCBB: MAIY.OB). Hotel Information Systems provides total enterprise management solutions, improving critical operations and profitability for global hotel organizations. Installed throughout 83 countries in over 4,000 operationally diverse properties, Hotel Information Systems' **core**, and **epitome** solutions deliver the operational backbone for stand-alone and multi-property management, enabling more efficient delivery of guest services, revenue optimization and streamlined management.

## **About TierOne Hospitality Solutions**

**TierOne Hospitality Solutions** is recognized as a leading provider of total enterprise solutions for the hospitality industry focusing on hotel, resort and convention markets. Conducting business in Canada and the United States, **TierOne Hospitality Solutions** is headquartered in Richmond Hill, Ontario; the company provides a wide array of services by supplying leading edge multi-platform software solutions combined with hardware, training, support and consulting services. Our products range from Property Management Systems, Business Intelligence, Central Reservations, Web Reservations, Sales & Catering, and Meeting Room Management Solutions as well as complete enterprise software offerings for the Hospitality industry at large.

**TierOne Hospitality Solutions** specializes in a broad range of properties from large hotel chains to smaller independent hotels, from stand-alone banquet halls to world-class conference & convention centers. For a complete demonstration or additional information please contact Patrick Regina at 1-800-387-9620 or visit TierOne Hospitality Solutions' website at **[www.tieronehospitality.com](http://www.tieronehospitality.com)**
